

Medium Duty (6BAR)

Construction:

Spiral homogeneous PVC construction is ideal for irrigation and agriculture applications, and provides for minimal elongation.

Operating Temperature:

- -5°F (-20°C) to +170°F (+76°C)

Applications:

- Agriculture
- Construction
- Drip irrigation
- Industrial

Features:

- Durable PVC Material
- Drip Irrigation
- Smooth PVC Tube
- PVC Cores
- Compact Design

Coupled Assemblies In Stock!

AHG can supply coupling configurations to compliment your hose requirements. We have a large selection of couplers, adaptors and hose accessories in stock and ready to ship.

Heavy Duty (8/10BAR)

Construction:

Spiral homogeneous PVC construction is ideal for agriculture and construction applications, and provides for minimal elongation.

Operating Temperature:

- -5° F (-20° C) to +170° F (+76° C)

Applications:

- Agriculture
- Construction
- Industrial
- Quarry

Features:

- Durable PVC Material
- Heavy Duty Construction
- Smooth PVC Tube
- PVC Cores
- Compact Design
